

COVID-19

- ✓ PCR Testing
- ✓ Antigen Testing

Introduction

We understand that Covid-19 testing is a daunting process to go through. To make the situation easier for you or your family, we offer mobile Covid-19 concierge testing where a biomedical professional will come to your home or hotel/location to take the swab.

Our PCR Covid-19 test are recognized by the travel industry and Heal-it travel certificates are accepted at all ports of exit and entry. All of our Covid-19 testing is done at our mobile laboratory office and results are provided in 24 hours Guaranteed.

Safety protocols are in place and our biomedical team takes extreme precaution when working offsite and they make use of full PPE. All testing is done in a discrete manner and results are collected personally and sent to you by email or through WhatsApp.

About Us

Healit Zambia is a medical-technology company born out of the desire to democratise healthcare using advanced technology.

Healit aims to provide products of high quality and reliability, managed by strict and comprehensive quality standards.

We focus on providing products at the foremost cost benefit multiplied by quality benefits. As a team we

are motivated by the belief that we are making a long term contribution towards advancing the healthcare industry and responding to global health challenges.

We currently offer Covid-19 PCR and antigen testing with certification through the Ministry of health as a key stakeholder, We are currently situated in Plot No 6, LUBU Road, Lusaka, Zambia, and will be opening up other mobile testing laboratories at various key locations such as key border entry and exit points.

Our processing time from sample collection to certification has been reduced to a maximum of twenty four (24) hours for your convenience.
